

Нужда от нова теория за повторно новите звезди

Борислав Борисов

Теория

- Теорията е тясно свързана с експеримента.
- Всяка теория е базирана на даден експеримент.
- Всяка теория се потвърждава или отхвърля от последващи експерименти.

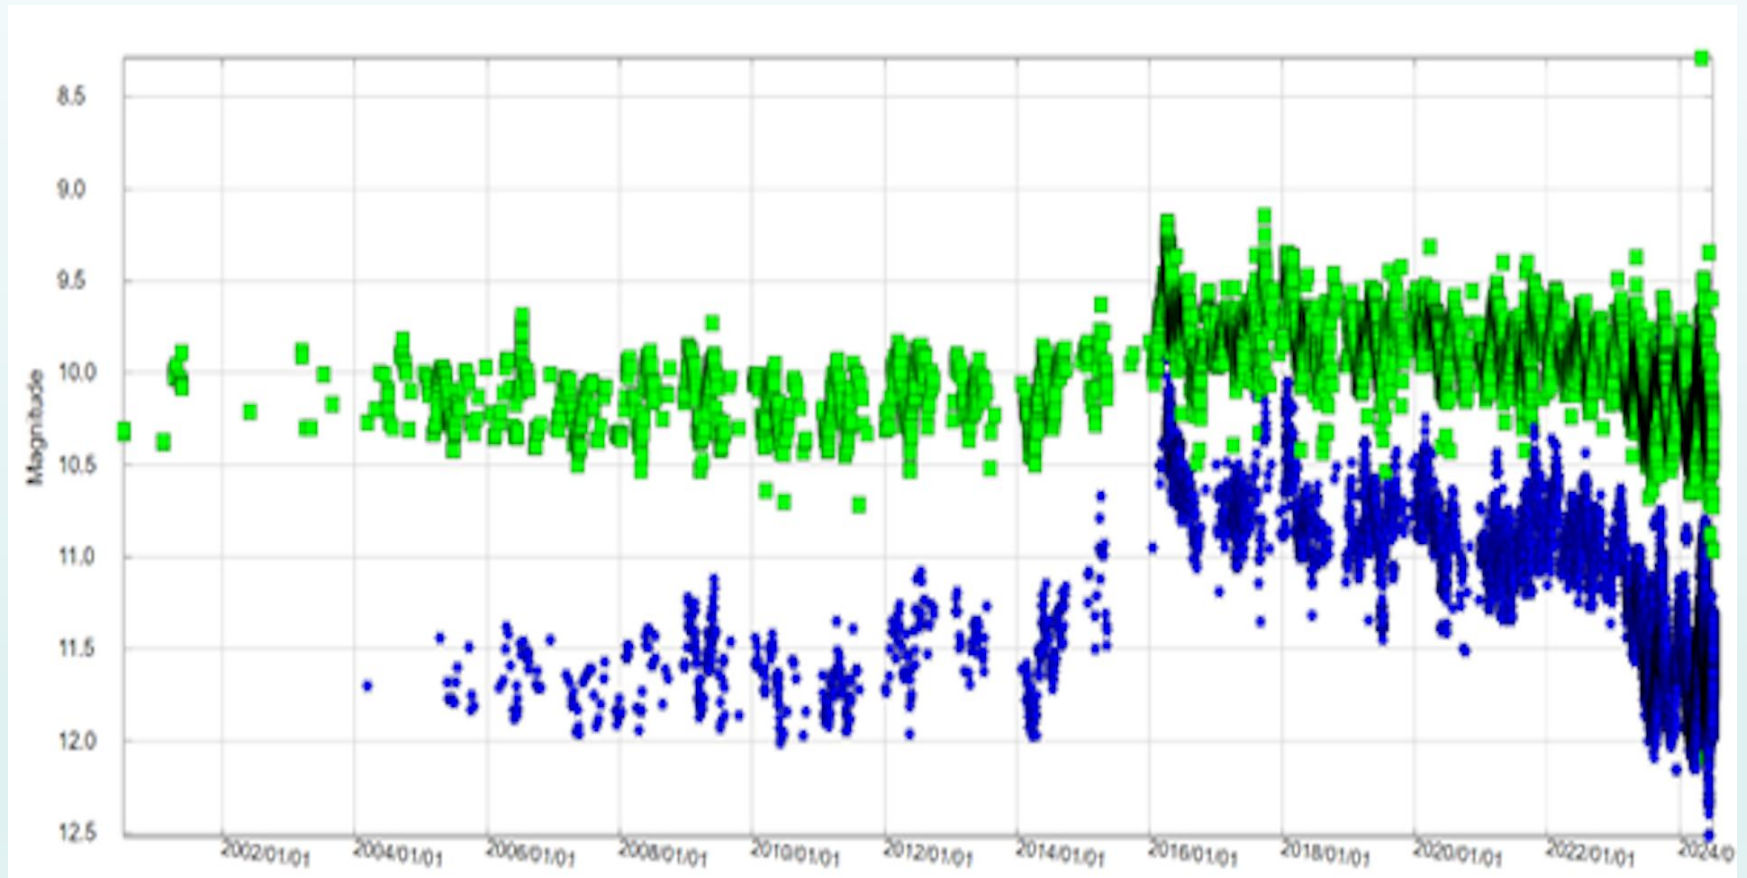

That's NOT how you do it!

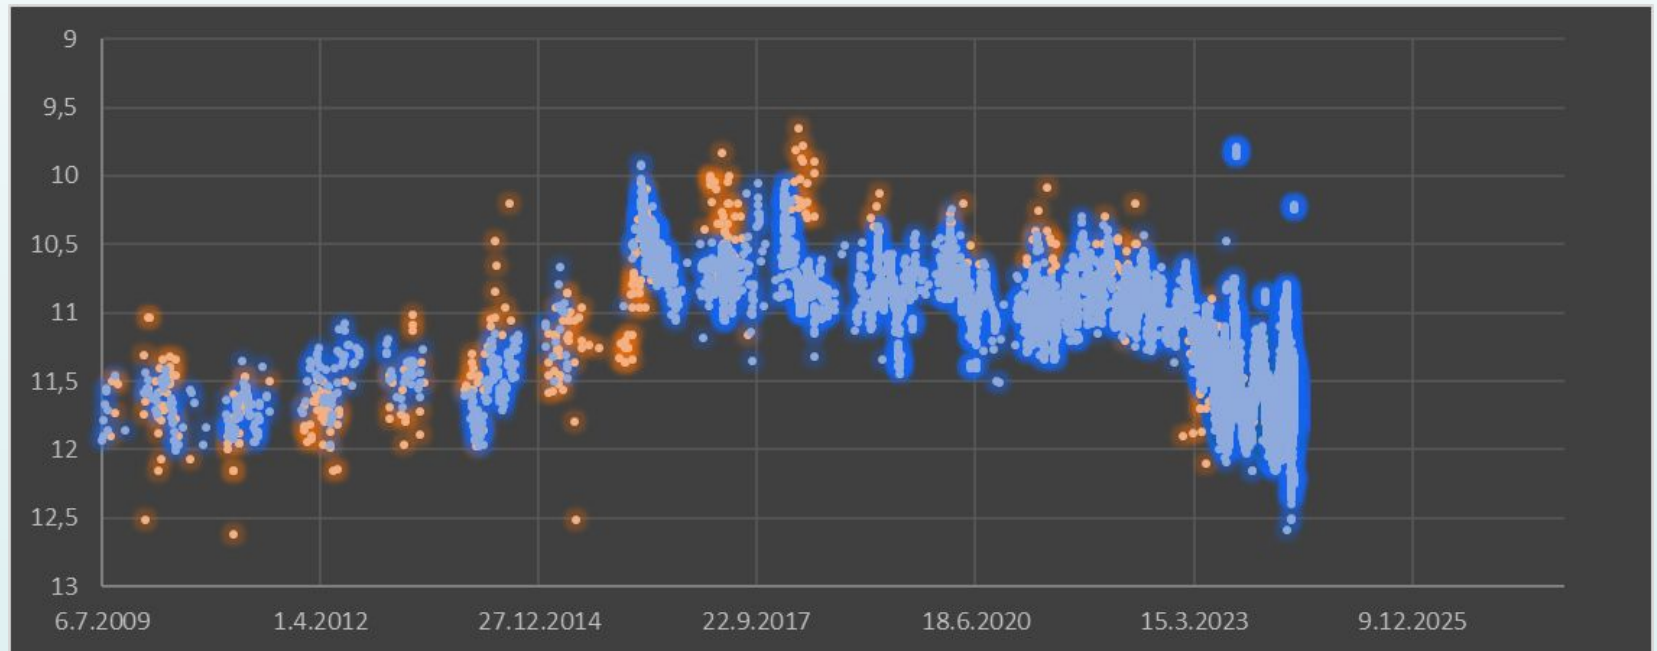

Ariane Hofmann-Maniyan

$$T_{orb} = 227,56 \text{ dy}$$

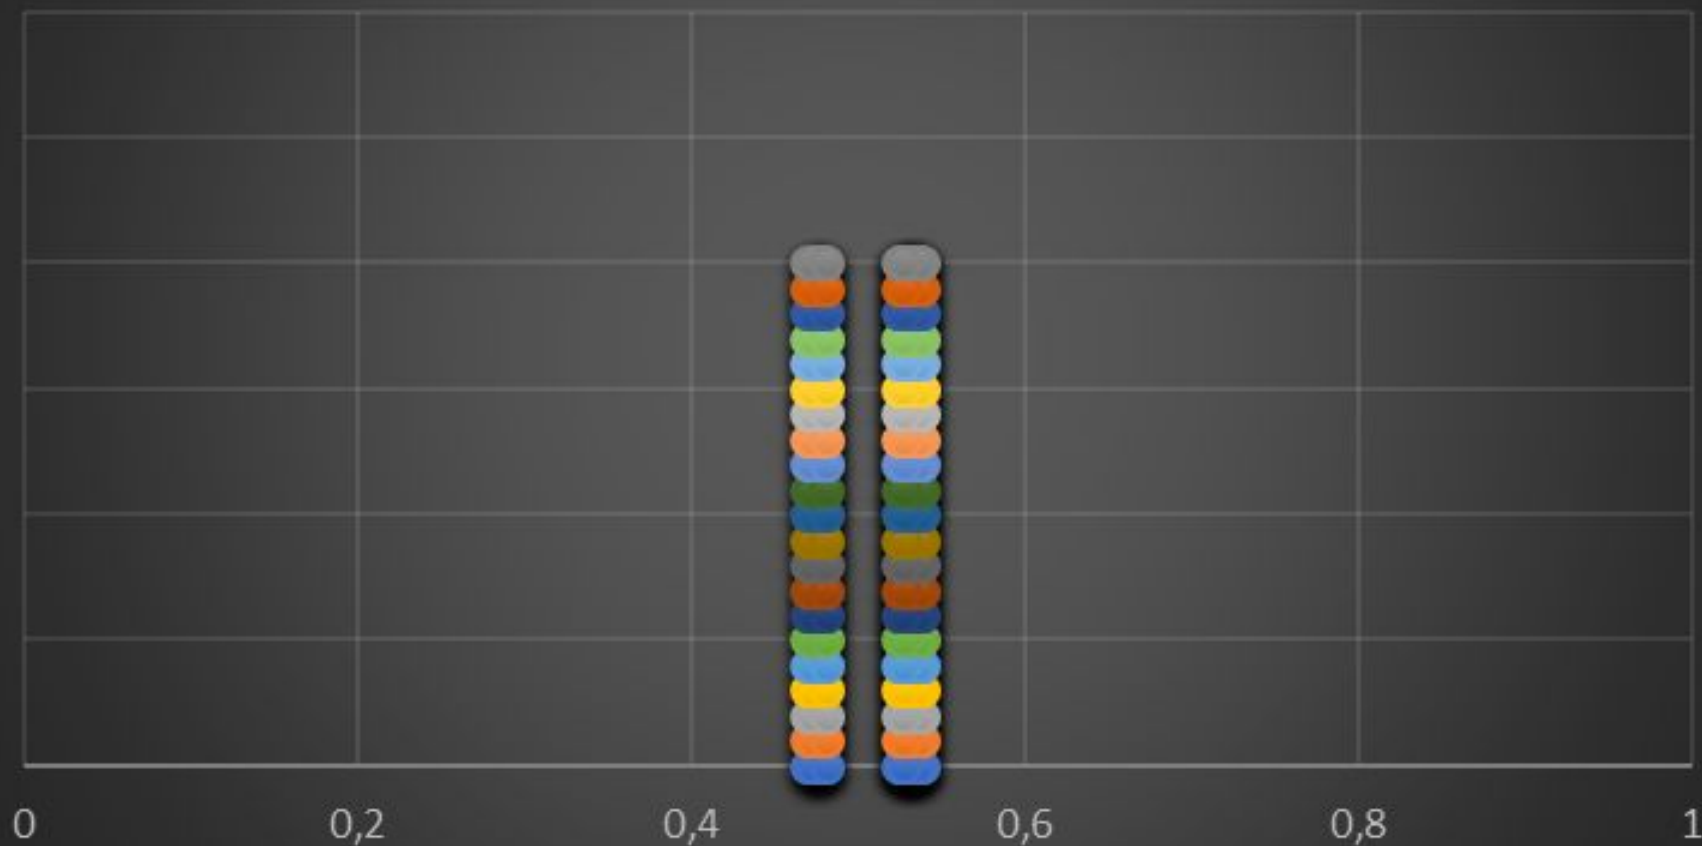

$$T_{pul} = 112,9 \text{ dy}$$

$$128.227,56 = 258.112,9 \approx 80 \text{ yr}$$
